MPLS Beginner	

WORK EXPERIENCE

Atlantech Online

Network Installations & Provisioning Specialist

(July 2019 - October 2021)

- For my final 14 months, I completed over 145 orders at an average rate of one (1) service delivery every three (3) days.
- Completed a team record for five (5) successful service installations completed in one day.
- I was responsible for the management of multiple, unique, concurrent projects from sales order to activation for Layer 2, Layer 3, and Voice services.
- I configured network handoffs, coordinated installation at customer sites for Field Services and Vendor Partners, and documented equipment assignments and configurations.

Atlantech Online

Datacenter Technician (Network & Voice)

(January 2018 - July 2019)

- Monitored operations and answered phones for a 24/7 Secured DC/NOC/Colo.
- Coordinated and communicated with all vendor and service providers (Comcast, Verizon, Mitel, Broadsoft, etc.) to resolve network service issues.
