OBJECTIVE

I am an experienced self-driven Networking enthusiast who loves leveraging the latest technology to provide customers the best experience, value, and service.

WORK EXPERIENCE

Atlantech Online Network Installations & Provisioning Specialist	(July 2019 - October 2021)
<ul style="list-style-type: none">For my final 14 months, I completed over 145 orders at an average rate of one (1) service delivery every three (3) days.Completed a team record for five (5) successful service installations completed in one day.I was responsible for the management of multiple, unique, concurrent projects from sales order to activation for Layer 2, Layer 3, and Voice services.I configured network handoffs, coordinated installation at customer sites for Field Services and Vendor Partners, and documented equipment assignments and configurations.	
Atlantech Online Datacenter Technician (Network & Voice)	(January 2018 - July 2019)
<ul style="list-style-type: none">Monitored operations and answered phones for a 24/7 Secured DC/NOC/Colo.Coordinated and communicated with all vendor and service providers (Comcast, Verizon, Mitel, Broadsoft, etc.) to resolve network service issues.
